Terms and Conditions of this Quotation

Thank you for your interest in this InSAR services quote from EO59 Europe OU (EO59). Please note that the Information has been provided to you at your request for discussion purposes only. The Information is confidential, and you must not distribute it to any third party, in whole or part, without EO59's express written permission. This quote is valid for thirty (30) calendar days from which it is dated, or as indicated.

EO59 makes no representation, warranty, or undertaking, express or implied, as to the accuracy, reliability, completeness or reasonableness of the information. Any assumptions, opinions, and estimates expressed in the Information constitute EO59's judgement as of the date thereof and are subject to change without notice. The quote does not commit EO59 to provide the service. Upon acceptance of the quote a purchase order must be received within thirty (30) calendar days, or this quote is no longer valid.

EO59 does not accept any liability for any direct, consequential, or other loss arising from reliance on the contents of the Information.

All prices are in US Dollars **unless indicated otherwise**. Yearly monitoring costs are billed 30days in advance of the start of the monitoring year. All payment credit terms are NET15 or due upon receipt as noted.

All EO59 services and products are bound by the terms available at www.eo59.com/tos

EO59 Europe OU is an Estonian limited liability company registry number 16392278 and VAT number EE102445657

EO59 uses the reverse VAT schema and does not charge VAT to other countries in the EEA.

Pre-requisite information is required prior to performance.

This includes but is not limited to: via KML/Z the exact area of interest (AOI), expected observations, known dates of construction/deformation/vegetation changes, time period for observation not less than 18 months, any known measurements, presence of artificial/corner reflectors. If a KML/Z file is not acknowledged by EO59 as the AOI then EO59 will select, at its discretion, the project AOI for data development.

Forward Use of Data

At no point may data provided by EO59 to the quoted party be resold by that party, or any other for use on any project other than that made apparent to EO59 at the time of the quotation without the express written approval of EO59.

Payment Terms for data

For this quote payment is due upon receipt, work will not commence until payment is received.

Data Delivery Time

Up to 6 weeks after payment received, unless otherwise received.

License Delivery Time

License will be activated within 24 after payment received.

Confidential

Estimate Exclusions

Unless the option is requested and used, we exclude accelerated monitoring delivery. While data may be available more rapidly, we will deliver monitoring updates twice monthly under this estimate. During those updates all acquired data will be displayed (including data acquired more rapidly) it simply will be published twice monthly.

Unless the option is requested and used, we exclude in this quote high urgency exclusion data from any installed corner and artificial reflectors. Corner/ Artificial reflector data will be available nine months post installation. Data collected after the date of installation will be visible in that ninth month's update cycle.

Satellite Availability Force Majeure

EO59 does not operate, has limited to no control influence, and is not liable for the constant availability of any source data used for processing. If a data source becomes unavailable during a monitoring operation for any reason beyond the control of EO59 there is no possibility of refund for payment of services. EO59 will perform services, as agreed, with available data inputs.

Insurance Requirements

Unless otherwise specified EO59 does not agree to third party, or client, requirements for insurance coverages or subrogation. Should EO59 be required to meet such measures we reserve the right to increase quoted costs for doing so or withdraw the estimate. EO59 meets all insurance requirements provided by law in the jurisdictions where it operates.

Software Accessibility

Unless otherwise agreed we make no claim to uptime and availability levels of our data portal, nor software. All services are provided as-is.

Confidentiality

Upon receiving an estimate for services from EO59 it is requested that the recipient keeps this information confidential.

Intellectual Property

ARIA devices are patented and may not be modified or duplicated in any way and are Patent Pending.
